Experience

○ 2021-2022

Pangasinan State University

Executive Multimedia Officer

As our university's Executive Multimedia Officer, I flourished in a dynamic and collaborative setting where I could display my graphic design skills while also working efficiently as part of a team. My primary task was to create university pubmats for public use, showcasing school activities and accomplishments. This work was extremely rewarding since it allowed me to create visually appealing information that informed and inspired our academic community. The teamwork and creative freedom I had in this employment helped me grow my talents and feel accomplished.

○ Jan 2022- Present

Ukiyoto Publishing House Canada

Author and Graphic Designer

My experience as an author and graphic designer at Ukiyoto Publishing House was incredibly fulfilling and unexpected. I designed my own book cover, back cover, and mockup, seamlessly merging my passions for writing and graphic design. This dual role allowed me to ensure the book's exterior perfectly complemented its content, enhancing my skills and giving me a profound sense of accomplishment.

○ 2022 - Present

Noble Impulse, Canada

Customer Service Representative

My experience as a Customer Service Representative taught me how to communicate with customers wisely and responsibly. I developed strong problem-solving skills and learned to address customer concerns with patience and professionalism. Additionally, I had the opportunity to design our email formats and contribute to the website where our products were showcased, combining my customer service expertise with my graphic design skills to enhance the overall customer experience.
